ty 150,000,000 bushels of potatoes, representing a money value of about \$100,000,000 to the consumer.

Chicago has twelve firms engaged in

per annum.

London is to have a joint-stock com-pany for the importation or live Texas-cattle. The capital is \$1,000,000, and the annuals are to be transported in be-tween decks of a number of ocean steam-

bonnet.

At the late sale of Presley Wilson, in Marion county, things sold thus: Old work horses brought from \$40 to \$60, and good young horses brought from \$100 to \$120 a head. Stock hogs brought about 55 a cwt. Shock corn that would yield about tour bushels to the shock sold for \$2 50 and \$2 50 a shock.

36 a cwt. Shock corn that would yield about four bushels to the shock sold for \$1 30 and \$2 60 a shock.

In a recent address at Ottumwa, fowa, Dudley W. Adams, Master of the National Grange, delivered these admirable sentences on the subject of Farmers' Homes: "Select the handonnest spot of all, and erret a house of neat and tasteful proportions and convenient arrangement. The size, floish, and expense will be governed by the means at command. Plant trees, both forest and fruit, in such a way as to break the force of the winter winds. Donate a reasonable patch of ground to small fruits and vegetables, sufficient to supply your table with abundance of all desirable kinds all the year round. Make an zere or more of lawn in front and around the dwelling, interspecial here and there with some ornamental shade trees, evergreens, and flowering shrubs. Train as my over the poron, a honeyauckle on the window. Hide the sheds and outbuildings with a clump of trees or climbing wines. Your wife and daughters with lave some artistic flower-beds out in the lawn, and a rose-tual by the door, wills singing birds will build neats in the trees. Make the inside of the house attractive—a picasent place to sif, with inducements sufficient to keep your some from saloons, and your laughters from the atreets. Among the absolute measuries of life, I must decidedly and emphatically piace ammements, sports, tun. A good ringing laugh is worth more for site the iteen and promote digastion than a dose of calomel, and is a deat pleasanier to take. If you ever ours surviss a person, old or young, who cannet, on proper provocation, give our a good ringing hearty laugh, watch him. He lacther after your pecket-book or the ondertaker. Joy, tuo, laughter, sarrling, good, healthy, wide-swake happiness, are smong the most noble and desirable of trunsa attributes. Nothing but mee can laugh. Do not annather, but cultivate this distinctive teature of humanity."

The largest and oldest trees in the tain an enormous circumference. Several have been measured which had a girth of from 70 to 77 feet. A few feet from the ground the main trunk gives off immense branches, which extend horizontally from 50 to 100 feet. The entire tree has the appearance of a perfect hem-isphere—sometimes being 100 feet in height and 150 in circumference.
